Konstelec Engineers Bags Two Reliance Industries Contracts Worth ₹12.96 Crore, Expands Industrial EPC Presence

Mumbai, July 28, 2026: Konstelec Engineers Limited (NSE SME: KONSTELEC), an integrated EPC company specializing in Electrical, Instrumentation and Automation systems, has secured **two work orders from Reliance Industries Limited (RIL)** with a combined value of **₹12.96 crore (including GST)**. These projects strengthen the Company's presence in critical electrical infrastructure and reinforce its expertise across the energy, petrochemical, and advanced manufacturing sectors.

The orders encompass electrical infrastructure works for Reliance's **RG Expansion Project at Jamnagar and Electrical Pre-Commissioning & Commissioning Activities for the Polysilicon Plant – NEI Projects**, reflecting Konstelec's growing capabilities in delivering complex industrial EPC projects.

Particulars	Work Order 1	Work Order 2
Client	Reliance Industries Limited	Reliance Industries Limited
Project	Supply, Installation, Testing & Commissioning (SITC) of Electrical Works for MRS, Auxiliary/Distribution Substations & Infrastructure Works (up to residential buildings) for the RG Expansion Project	Electrical Pre-Commissioning & Commissioning Activities for the Polysilicon Plant – NEI Projects
Location	Jamnagar, Gujarat	Polysilicon Plant – NEI Projects
Total Order Value	₹9.98 Crore	₹2.98 Crore
Execution Period	13 Months	12 Months
Scope of Work	Supply, installation, testing & commissioning of electrical infrastructure, including substations, cable laying & termination, cable trays, structural supports, earthing, lighting systems and associated electrical works for the RG Expansion Project.	Electrical pre-commissioning and commissioning activities, including deployment of skilled electrical manpower, supervisors, safety personnel and associated commissioning support for the Polysilicon Plant.

Together, these contracts are expected to further strengthen Konstelec's order book while enhancing its execution portfolio across refinery, petrochemical and next-generation manufacturing projects. The Company remains focused on delivering high-quality engineering solutions while expanding long-term relationships with marquee industrial clients

Commenting on the order completion, Mr. Amish Shah, Managing Director at Konstelec Engineers Limited stated: *"We are pleased to secure these two prestigious work orders from Reliance Industries Limited, which further strengthen our relationship with one of India's leading industrial enterprises. These projects reaffirm Konstelec's expertise in delivering complex Electrical EPC solutions across the oil & gas, petrochemical and advanced manufacturing sectors.*

With these additions, our order book has grown from approximately ₹550 crore to nearly ₹560+ crore, providing strong revenue visibility and a healthy execution pipeline for the coming years. We remain committed to executing these projects with the highest standards of quality, safety and timely delivery while continuing to expand our presence across high-growth industrial sectors. These orders further reinforce the confidence that marquee clients place in Konstelec as a trusted engineering partner."

About Konstelec Engineers Limited:

Konstelec Engineers Limited is an integrated EPC company specializing in Electrical, Instrumentation, and Automation systems. The company undertakes turnkey contracts encompassing installation, testing, commissioning, and maintenance of electrical and electromechanical systems across diverse sectors including oil & gas, refineries, petrochemicals, chemicals, cement, textiles, and space. KEPL offers end-to-end capabilities, including detailed engineering, procurement support, and comprehensive project management for complex electrical infrastructure projects.
